CONTAINER
CONCEPTS®

THINKING INSIDE THE BOX®

2018
FEATURED CONCEPTS

Proud to be a green product. Made in USA.
Welcome to Container Concepts®

This catalog is intended to spur the imagination and inspiration of our customers and to see what is possible with our containers. We can do variations of styles and sizes of the samples included in this catalog. Features listed are not complete descriptions of equipment.

We create and sell **Modular Business Solutions**; creating complete food and beverage service, retail, event, and commercial businesses in a container.

Each concept can be outfitted with complete NSF rated kitchen equipment and UL rated custom lighting, HVAC, digital menus, touch screens, POP displays, AV equipment, Wi-Fi, as well as giant LED screens can all be options at an additional price. Brand logos can be wrapped or strategically placed through fabrication and signage. We use exterior textures like faux rock or woods or anything that matches the theme of the client’s location or concept.

**Ordering**

All orders begin with completing the client information form followed by a preliminary consultation. Once deposit has been made the process takes approximately six to ten weeks from design to delivery. Times will vary based on size and scope of the project. Contact our office to begin the process today.
